

Associazione Eudaimonia

Partnership Dossier

2027 SEASON

Become what you are.
We are your next Erasmus+ Partner.

An association built to work in Europe

Associazione Eudaimonia is an Italian non-profit working on international mobility, non-formal education and active European citizenship, with two specific areas of expertise: the ethical use of artificial intelligence and the marine and coastal environment. Established in 2026 in Abruzzo, built from day one to work across Europe.

In Italy's mid-sized provinces and inner areas, access to European opportunities still depends far too much on chance: a well-informed teacher, a friend who already left, a call spotted by luck. The association exists to make that access systematic, and to do it from Abruzzo, not from a capital city. Thanks to you and us every young person will be able to express themselves, flourish and become what they really are.

ISOLE TREMITI

FOCUS AREAS

01

International mobility

Getting young people and youth workers across borders: encountering another way of living is the hardest form of learning to reproduce in a classroom.

02

Non-formal education

Making learning outside school recognisable: documented transversal competences, not experiences that remain anecdotes.

03

European citizenship

Turning Europe from an administrative acronym into a space where people speak up, including the practice of disagreement.

04

Digital and AI literacy

How models, data and platforms work, what ethical use means, and why a person stays accountable for the final decision. Not usage but comprehension.

05

Inclusion

Designing from those most likely to be left out for economic, geographic, health or background reasons, instead of adding them at the end.

06

Sea and sustainability

A cross-cutting dimension of every activity and a subject in its own right: the coast, the sea and the inland areas, starting from the Adriatic we look out on.

VISION

An activity, not a feeling.

ARISTOTLE · NICOMACHEAN ETHICS, I, 7

Eudaimonia is something you do, not something that happens to you. And an activity needs material conditions: time, tools, encounters, somebody to open a door. Those conditions are what an association can actually act on. We chose the name that is hardest to translate and easiest to verify.

THE TEAM BEHIND EUDAIMONIA

**Daniele Mariani**

PRESIDENT

Artificial Intelligence, Data Science and Philosophy of AI; MSc in Human-Centered AI & Law. Explainable AI and AI Act compliance at Deloitte and at an AI startup in Madrid.

**Marco Rana**

VICE-PRESIDENT · SECRETARY

Philosophy and economics at USI, thesis on the ethics of social media; MSc in Human-Centered AI and Law. Consultant on AI in legal practice, mentor to teenagers in Lugano.

**Lorenza Piarulli**

TREASURER

Law degree and master's in the economics of cooperation. Direction and financial reporting on the EQUAL Community Initiative, coordinating transnational work with France, Portugal, Greece and Lithuania.

WHAT WE OFFER

01

Partner

Participant selection, content contribution, dissemination in Italy. Available immediately.

02

Sending organisation

Recruitment, intercultural and language preparation, support during and after mobility.

03

Hosting organisation

Activities, logistics and mentoring in Abruzzo for hosted groups and volunteers.

04

Coordinator

Ownership of the application and consortium management, from 2027.

WHY ABRUZZO

An under-represented territory, an hour from the sea and the parks.

Abruzzo and Italy's central Adriatic coast have few organisations active in European programmes. We give access to a pool of participants that big-city organisations do not reach, and to coastline, marine protected areas and Apennine parks within an hour's reach.

WORKING LANGUAGES: ITALIAN · ENGLISH · SPANISH

IDEAS ON THE TABLE

ERASMUS+ KA152 · YOUTH EXCHANGE

Shared coast

Adriatic coastal ecology: surveying one beach, meeting the people who work on it, producing outreach material in three languages. 12 days, spring 2027. Italy, Spain, Croatia, Greece.

ERASMUS+ KA153 · TRAINING COURSE

AI Ethics & Non-Formal Education

Methodologies to explore AI impact, prevent algorithmic bias and foster conscious technology use. 24 seats, Montesilvano. Italy, Spain, France, Germany, Greece.

ERASMUS+ KA152 · YOUTH EXCHANGE

Who answers for the algorithm

Generative AI, the AI Act and risk assessment for youth workers. You leave with a checklist you can use in your own organisation, not with a recorded lecture. 6 days, autumn 2027.

ERASMUS+ KA210 · SMALL-SCALE PARTNERSHIP

Adriatic EcoLab

A joint methodological guide and toolkit on marine ecology conservation among Adriatic coastal communities. 12 months. Italy, Croatia, Greece.

LOOKING FOR

AI Literacy & Ethical use of AI

Human in the loop

Social Media Literacy and Disinformation

Digital & Human Rights

Marine ecology and marine litter

Unplugging to Connect

Green Transition

Social Media Detox

Personal Development

Young people with fewer opportunities

Inner and peripheral areas

Mental Health and Wellbeing

Mental health and wellbeing

Sustainability, Flora and Fauna Preservation, Protected Areas

LET'S TALK

**Tell us the
programme, the
action, the deadline
and the role you have
in mind.**

info@eudaimoniayouth.org

We reply with a statement of interest and, if useful, a thirty-minute call. Signed mandate, administrative data and OID within forty-eight hours of confirmation, and an answer to every request within five working days, including when the answer is no.
